

# Best Value Generics

## Tier 1A

The **Best Value Generics** is a select list of tier-one drugs determined by Coventry Health Care to be available for a reduced copay.

This is not meant to be a complete list of the drugs covered under your plan. Not all dosage forms of the drugs listed below are covered. Brand names are listed for informational reference. Under some circumstances, formulary drugs may be excluded from your plan (for example, oral contraceptives, growth hormone). We periodically review our Drug Formulary listing. This is the most current list at the time of printing and is subject to change. Some medications may require prior authorization or have quantity limits. Please consult with your Prescription Drug Plan Customer Service Representative for any questions about your coverage or for more information.

| Drug Name                    | Dosage | Strength     | Drug Name                 | Dosage | Strength |
|------------------------------|--------|--------------|---------------------------|--------|----------|
| <b>ALLERGIES</b>             |        |              | <b>ARTHRITIS AND PAIN</b> |        |          |
| ALAVERT OTC                  | ODT    | 10MG         | ALLOPURINOL               | TAB    | 100MG    |
