

Consider the benefits of Electronic Enrollment with Coventry!

- ◆ Enrollment changes, including adds, changes, terminations and demographic updates, are made electronically - reducing clerical mistakes and increasing turn around time
- ◆ *No more filing and faxing new enrollment or change forms*
- ◆ Dedicated Electronic Enrollment analyst throughout implementation and production phases
- ◆ *File to system discrepancies personally handled by experienced Enrollment representatives*
- ◆ Take advantage of Coventry's established relationships with multiple Third Party Administrators of enrollment
- ◆ *Coventry supports the HIPAA 834 file layout and offers a simple/basic 1000 byte Coventry proprietary layout*
- ◆ Send only the membership with enrollment changes
- ◆ *Choose the frequency of enrollment changes based on your business needs (daily, weekly, bi-weekly, etc.)*
- ◆ Only Secure File Transfer options available
- ◆ *Quarterly member to member compares for billing accuracy*
- ◆ Follow an established Implementation Timeline for quick production results in less than 8 weeks
